Appointment Calendars (Planners)

Supplies:

Binder Folder (One per Student)
 Printed Blank Calendar Pages (One Set per Student)
 Black Ball Point Pen (One per Student)
 Crayons or Colored Pencils

Preparation:

Print the included Blank Calendar Pages found beginning on page 13 on 8.5"x11" printer paper in whatever color you prefer. Punch holes in the pages and install them in the folders.

In Class:

Pass out folders with printed pages already installed. Have each student write the language of their new appointment calendar on the first page and decorate the folder front including their name with the crayons or colored pencils. Have students refer to the list beginning on page 7 of month names then, using the ball point pen, copy them in the top margin on the left side of each two-page calendar spread. They should also write the years included in the top margin of the right side of each two-page calendar spread. Have students refer to the list beginning on page 7 of days of the week then, using the ball point pen, copy them in the appropriate places at the top of each calendar page. I have provided the English words in faint gray letters. Just write over those. Use a calendar to write the date numbers in the small squares in the appropriate places. Have students refer to the list beginning on page 7 of holiday names and dates then, using the ball point pen, copy the holidays to noted dates.

Foreign Language Perpetual Calendar

1 White Poster Board
 55 Adhesive Velcro Dots (78 if you want all the holidays. More if you want more birthdays.)
 Colorful Markers

Preparation:

Cut a rectangle 18" x 24" out of the poster board. Cut 12-2"x8" strips from the remaining poster board. Cut 31-2"x2" poster board squares. If you want to make holiday tiles cut an additional 23-2"x2" squares. If you want birthday tiles cut more 2"x2" squares. Put together the hooks side and the loops side of the Velcro dots. Cut them apart if they are all on strip backings. Stick the loop side of a Velcro dot in the center of each 2"x2" square. Keep the non-stick backing on the hook side. Stick the loop side of two Velcro dots on either end of the 2"x8" strips. Line 7-2"x2" squares evenly along the bottom of the 18"x24" rectangle. Leave a half inch margin at the bottom, to the left, to the right, and in between each square. Leave another half inch border above this row and set another row of squares. Repeat this again and again until you have placed six rows of squares. Leave a 2" gap, then place one of the 2"x8" strips, centered over the rows of squares. See the diagram on the next page as a reference. Carefully remove the adhesive backings one at a time, replacing the piece exactly where it had been placed. This will stick the hook side of the Velcro dots to the poster board.

In Class:

Have students label as large as they can, 31-2"x2" squares, with the numbers 1 – 31. If you included squares for holidays have your students decorate and label 26 more 2"x2" squares. Holidays for the five school years are included beginning on page 7. If you are including more birthdays have the students decorate and label the 2"x2" squares you prepared for them. Have students label as large as they can, the 12-2"x8" strips, with the names of each month, in French, Spanish, or German. The list of these words can also be found beginning on page 7. In the two-inch space between the top row of 2"x2" squares and the 2"x8" strip have the students write the names of the days of the week over each column of 2"x2" squares in the chosen language. Finally have the students decorate the top area of their calendar, being careful to include their name.

Teach History the Fun Way

High School & Middle School

Middle School

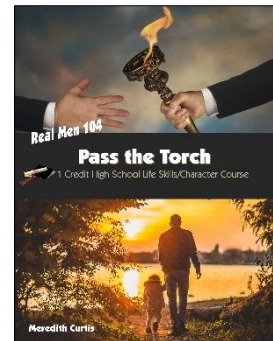

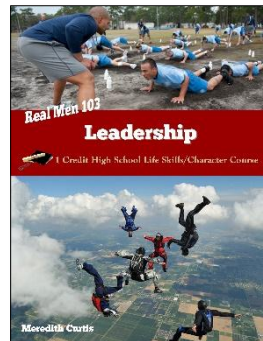

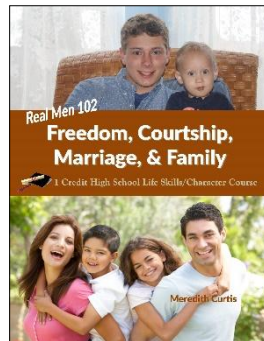

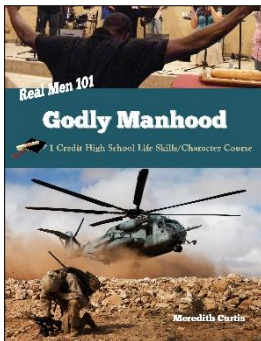

Real Men Discipleship Manuals

God calls fathers to impart life to their sons, passing the baton in the race of faith. These Bible studies were created for fathers (or mentors) to go through this material with their sons. Pastor Mike Curtis used these materials to mentor his own son and other young men in the church. These manuals cover tough issues that fathers and sons need to talk about and live out in their lives.

Real Men High School Bible/Life Skills

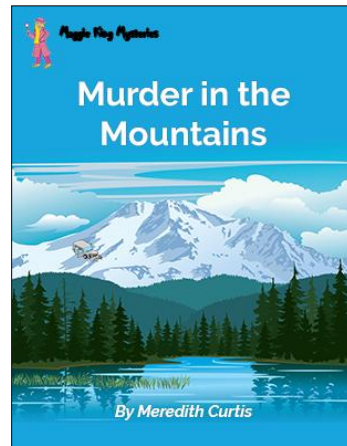

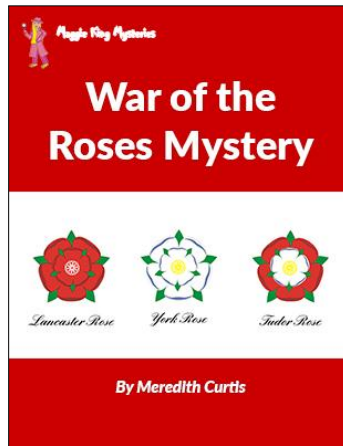

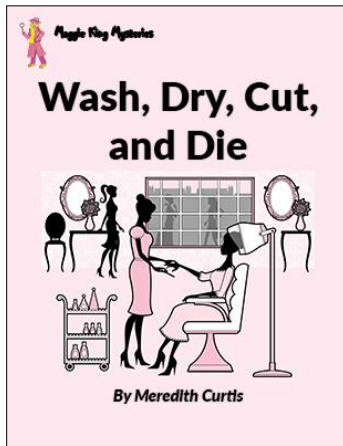

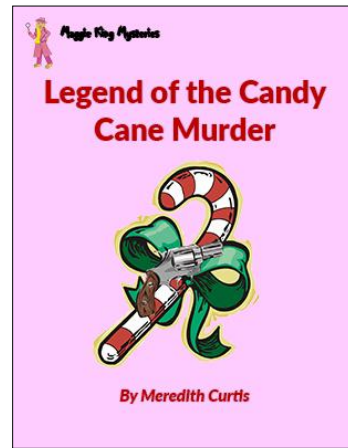

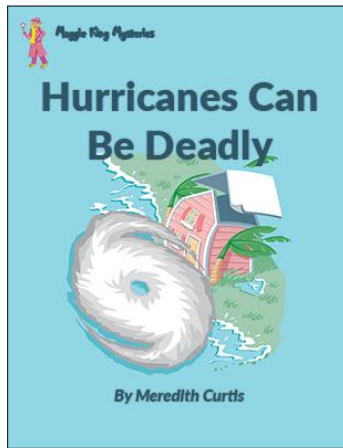

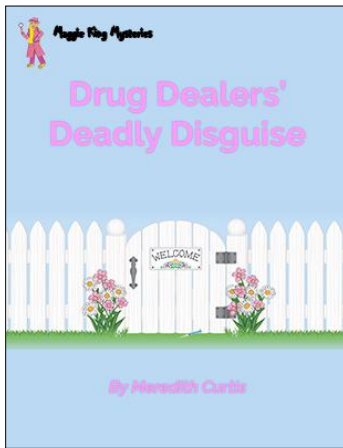

Do you want to prepare your sons to become godly husbands, fathers, church leaders, and pillars in their communities? These one-credit high school life skills classes build character and prepare young men for the future. Using living books, Scripture, and practical assignments, young men will learn to become the man God has called them to be.

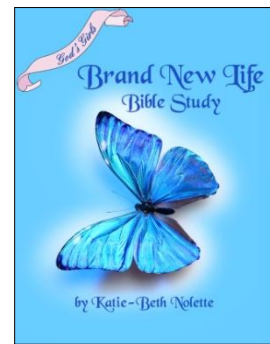

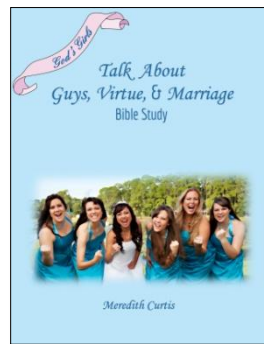

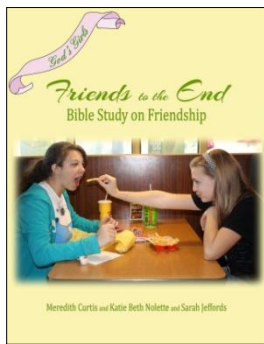

Maggie King Mysteries

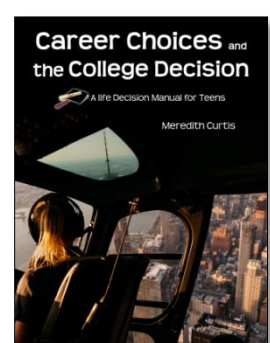

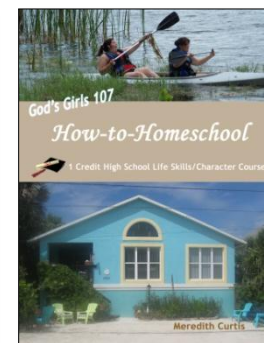

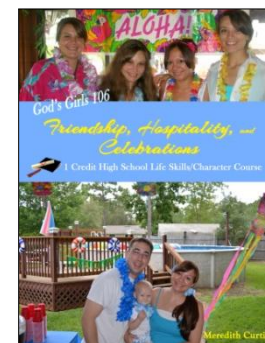

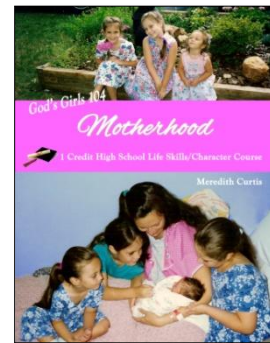

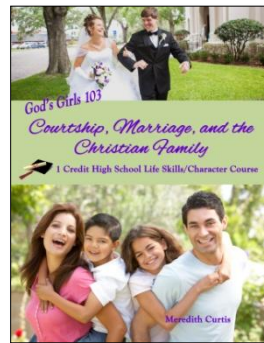

If you like cozy mysteries, you will love this series! Meet Maggie King, a pastor's wife and homeschool mom who keeps stumbling across dead bodies. With her sidekicks, Sophia and Mary-Kate and her curious children, Maggie is on one adventure after another.
