America Landmark Books Reading List

Historical Living Books (4th – Adult)

This is an old set of books written before children's books were so post-modern and communist in their content. Though not written from a Christian point of view, this series is more wholesome than modern books and covers American history in an interesting way. I always look for this series at garage sales, library sales, and used book stores.

- The Vikings, Landmark Series* by Elizabeth Janeway (900's)
- Prehistoric America, Landmark Series* by Anne Terry White
- The Voyages of Christopher Columbus, Landmark Series* by Armstrong Sperry (1492)
