# World Landmark Books Reading List

## Historical Living History Books (4<sup>th</sup> – Adult)

This is an old set of books written before children's books were so post-modern and communist in their content. Though not written from a Christian point of view, this series is more wholesome than modern books and covers world history in an interesting way. I always look for this series at garage sales, library sales, and used book stores.

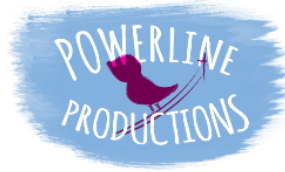

- Pharaohs of Ancient Egypt, World Landmark Series* by Elizabeth Payne
- Adventures of Ulysses, World Landmark Series* by Gerald Gottlieb
